

Sample Company-Sponsored Foundation Guidelines and Application Information

The Nonesuch Foundation emphasizes support to organizations located in the Atlanta area and other communities where Nonesuch has a sizable employee representation (see list below).

Although the Foundation funds a variety of social, educational, and cultural projects, priority is given to:

- Youth Programs, especially those that offer educational enrichment and recreation opportunities. This program emphasizes both teens and pre-teens.
- Emergency Services for Families in Crisis, including emergency food programs and shelters for mothers and their children who are in a temporary crisis situation.
- Community Action Fund, supporting volunteer efforts on behalf of neighborhood beautification—such projects as enhancing parks, playgrounds, bicycle and walking paths, and community recreation centers
- Disaster Relief for Nonesuch communities, assisting with clean-up efforts, and emergency food and medical supplies

Grants are made for specific projects and equipment as well as for general operating support. In most cases, contributions to colleges, universities, and other educational institutions are made through the Nonesuch Employee Matching Gifts Program, not through direct grants.

Grants are not made to: endowment campaigns, individuals, religious organizations for religious purposes, advertising in charitable publications, political organizations, capital campaigns, film or research projects, annual pledge drives, or fraternal groups.
